

## The Enneagram at a New Depth and a New Consciousness

For those interested in learning the Enneagram in greater depth than the basics, Camp McDowell and the Alabama Diocese Commission on Spirituality are sponsoring A BRAVE NEW WORLD: MAKING CHANGE BEYOND ME – The Enneagram and Consciousness, to be presented on March 22 – 25, 2012 at Camp McDowell.

Going far beyond introductory concepts, this conference will present the Enneagram in its actual application to transformation. The Reverend Susan Sloan is the coordinator of this first event of its kind. The keynoter and presenter is Joseph Howell, Ph.D. Clay McKinney will provide the special music and will be joined by Julia Sakharova of the Birmingham Symphony.

Dr. Howell will be assisted by a dedicated and seasoned staff. Lectures by Dr. Howell will begin with introductory levels and then quickly move participants to advanced levels of understanding. Topics include *The Beatitudes and the Enneagram*, *The Soul Child and the Kingdom of Heaven*, *Pathways to Raising Consciousness*, *Loss and Consciousness*, *The Environment and the Enneagram*.

Other presentations are Nikki Chenault's Photo Essay on *The Essence Within Us*, Reverend George Cox's discussion and demonstration *Meditation*, and Livy Abele's daily offering of *Yoga's Mind, Body and Spiritual Experiences*. Katharine Smith will present a video graphic montage on *Enneagram Types in the Cinema*. Sue Tidwell and Lark Howell will offer experiences in *Arts, Nature and Spiritual Awareness*. Worship is to be conducted by The Reverend Susan Sloan and The Reverend Mark Johnston. Small groups will provide interaction, processing and meaningful conversation and there will be plenty of free time for reflection, rest, recreation and hospitality.

The time has come to embrace a new consciousness, lifting us beyond frustration and suffering into more of the mind of Christ: "the peace that passes understanding." The time has come to mount up the courage to face what blocks us, as individuals and collectively, from living in that place. This peace of Christ is what saves our souls and our earth.

If you are a lay person interested in spiritual transformation; clergy, pastoral counselor, lay minister, spiritual director, mental health professional, L.P.C., psychologist, social worker or in the healing arts, a leader in business, government and industry interested in raising consciousness in the work place, or if you have gone through a life changing loss, you should take advantage of this unique and accessible way toward growth.

CEU credits will be offered for Mental Health Professionals.
