As a long time member/participant of the Episcopal Church, former public administrator and CEO of a small corporation, I have gained proficiencies in the areas of ministry, management, financial matters, budgeting and supervision that are easily transferable to the requirements of the Province IV President.

Six year's service on the Executive Council (three years as chair of its Standing Committee on Administration and Finance) has provided broad exposure to the many dedicated workers, facets, needs, operations and unique structure of The Episcopal Church. Additionally, my service as a nine-time deputy to General Convention and serving on several standing and other committees of General Convention have helped me to develop a clear understanding of Church needs.

I have substantial life experiences as an African American male college trained professional with undergraduate and graduate degrees and a very strong background in the life and works of The Episcopal Church.
